INTRODUCTION

Since the last publication of the listing in 1981, there have been many changes both in format and in content. During the past year, we published two updates by means of an addendum, and the present edition includes those changes as well as others we have compiled in the past few months.

In producing this 1982 listing of women's groups, we attempted to adhere more closely to our selection criteria. This means that the groups now included in the listing are those concerned with improving the status of women, or active on status of women issues, whether or not they were established with that intent.

During the selection process, we occasionally found that we had insufficient information to make a classification. This left the matter to our discretion and in view of this, we welcome any group to contact us if they have been inaccurately assessed. This can be easily done by filling out the information form at the back of the listing with a complete outline of activities and a current address and telephone number.

We would also like to encourage our readers to help us keep this listing as useful as possible by using the same information form to submit changes of name or address, names of new groups or names of existing groups which have become inactive. By so doing, you will make it possible for us to update the listing on a regular basis and ensure that it meets the needs of everyone concerned.

AVANT-PROPOS

Depuis la parution du répertoire en 1981, bon nombre de modifications ont été apportées tant à la présentation qu'au contenu. Aussi, deux suppléments ont paru depuis; la présente édition comprend ces changements, ainsi que d'autres que nous avons compilés au cours des derniers mois.

En établissant cette édition de 1982, nous avons essayé d'appliquer plus étroitement encore nos critères de sélection. Ainsi, nous avons retenu les groupes qui s'intéressent à la promotion de la femme ou qui sont actifs dans le domaine de la condition féminine, qu'ils aient été ou non constitués dans ce but.

A cet égard, nous avons parfois constaté que nous n'avions pas toujours tous les renseignements voulus pour établir une classification. Nous devions alors faire un choix. Aussi, s'il y a des groupes qui ne sont pas satisfaits de cette "classification", ils sont invités à communiquer avec nous. Il suffit de remplir la fiche d'information qui se trouve à la fin du répertoire; il est important de décrire en détail les activités du groupe, et d'indiquer l'adresse et le numéro de téléphone.

Pour rendre le répertoire le plus utile possible, nous invitons également nos lecteurs et lectrices à remplir la fiche pour nous informer de tout changement de nom ou d'adresse, de l'existence de nouveaux groupes, de la disparition de certains autres. Cela nous permettra de tenir à jour le répertoire, de façon qu'il demeure utile à tous les intéressés.

This listing is by no means exhaustive in content, as we do not actively solicit information from the public. We rely on our own information network and the forms we receive from our readers.

As there continues to be an overwhelming demand for the listing, we will try to keep its purpose clear and its content up to date so that it may accurately reflect the growing network of women's organizations across Canada.

Further information and additional copies of the listing can be obtained by writing to:

Comme nous ne sollicitons pas activement de renseignements de la part du public, le répertoire n'est pas exhaustif. Nous comptons sur notre propre réseau d'information et sur les fiches que nous recevons.

Ce répertoire étant très demandé, nous nous efforcerons de le tenir à jour et de ne pas déroger à son but premier: être le fidèle reflet du réseau sans cesse croissant des associations féminines à travers le pays.

How to use this book

As we mentioned in the introduction, we have made some changes in our selection process. In reviewing our listing, we found that some organizations appeared time and again in many regions of Canada. For this reason, we have limited the listing of some groups to the addresses of offices at the national or regional level. We, therefore, suggest that our readers direct themselves to national or provincial headquarters' listings in order to obtain information about local membership.

We would also like to mention that we received comprehensive listings from various regions across Canada. It was virtually impossible to include these lists in their entirety, so those who are interested in more detailed information should contact the Secretary of State offices in the cities listed below.

The listing is divided into 8 sections. Most of these sections need no further explanation, however, for purposes of clarification the following brief descriptions are provided for Women's Centres, Rape Crisis Centres, Advisory Councils and Transition Houses.

Women's Centres: The activities of each centre relate to the specific needs of the community of women involved. Although the focus of centres may vary, they all attempt to improve the status and/or skills of women through activities such as information and referral, consciousness raising, political action and career counselling.

Comment utiliser le répertoire

Comment nous l'avons dit dans l'avant-propos, nous avons modifié quelque peu notre mode de sélection. En examinant le répertoire, nous avons constaté que certains organismes étaient représentés dans plusieurs régions. Aussi, pour certains groupes, nous n'indiquons que l'adresse du bureau national ou régional. L'usager qui voudra se renseigner sur un groupe local pourra ainsi s'adresser directement au bureau national ou provincial.

Nous avons reçu des listes détaillées de groupes de différentes régions du pays. Il nous était pratiquement impossible d'inclure ces listes au complet; les intéressés pourront obtenir plus de détails en s'adressant aux bureaux du Secrétariat d'État dans les villes dont nous publions la liste plus bas.

Le répertoire est divisé en 8 sections. Pour certaines catégories de groupes (centres des femmes, centres d'aide aux victimes de viol, conseils du statut de la femme, maisons d' accueil et d'hébergement), nous avons jugé utile d'en donner une brève description.

Centres des femmes: Les activités de chaque centre sont axées sur les besoins particuliers de la population féminine locale. Si chaque centre a sa propre orientation, ils tendent tous à l'amélioration de la situation de la femme et/ou de ses aptitudes par diverses activités: information et conseils, conscientisation, action politique, orientation professionnelle.

Rape Crisis Centres:	These centres provide services to the victims of rape trauma and operate at an advocacy level as well as furnishing 24 hour a day supportive counselling. While the primary purpose of these centres is to help those who have been involved in a rape situation, they are also concerned with other issues relating to sexual assault such as harassment, indecent assault and incest.	**Centre d'aide aux victimes de viol:**	Ces centres offrent des services d'aide aux victimes de viol, notamment en les représentant devant les différentes instances, et 24 heures sur 24, ils peuvent leur fournir un soutien moral. Le but premier de ces centres est de venir en aide à celles qui one été victimes d'un viol, mais ils s'occupent aussi des victimes d'agression sexuelle (harcèlement, attentat à la pudeur, inceste).
Advisory Councils:	These councils are government appointed bodies established with the mandate to monitor the implementation of the recommendations made in the report of the Royal Commission on the Status of Women. Through initiation of research reports on a wide range of issues affecting women, they advise their respective governments on required changes in legislation and provide information to the general public.	**Conseils du statut de la femme:**	Nommés par le gouvernement compétent, ces conseils ont pour principale fonction de surveiller l'application des recommandations du rapport de la Commission royale d'enquête sur la situation de la femme. Grâce à des recherches sur une grande variété de sujets touchant la femme canadienne, ils sont en mesure de conseiller les différents gouvernements et de fournir de précieux renseignements au grand public.
Transition Houses:	These shelters provide a temporary home and a supportive atmosphere to battered women and their children at little or no cost. In addition, they furnish counselling and information services in a non-threatening environment which allows each woman to re-evaluate her personal situation.	**Maisons d'accueil et d'hébergement:**	Ce sont des refuges temporaires qui accueillent gratuitement, ou pour une somme modique, les femmes battues et leurs enfants. Ceux-ci y trouvent le réconfort dont ils ont besoin. On fournit également des services d'orientation et d'information, dans un cadre reposant, ce qui permet à chaque femme de réévaluer sa situation personnelle.

A final word about the organization of this directory. As previously mentioned, a number of sections have been provided to make target groups more easily recognizable. Please note however, that these groups are not double listed in the provincial sections, so some cross referencing should be done to obtain complete provincial listings.

Un dernier mot concernant l'agencement du répertoire. Tel que mentionné, nous avons établi plusieurs sections selon la région et le type de services offerts. Veuillez cependant noter que ces services ne figurent pas sous les sections provinciales, de sorte qu'il faudra parfois faire des recoupements pour obtenir la liste complète des services d'une province.
